CLOTHING!

CLOTHING!

We are in business to sell goods, not to hold them, and when everybody is hard up it is good policy for a business house to accommodate itself to the circumstances.

Clothing is worth just as much to-day as it ever was. It's Made Just as Well; it Consists of Good Material; it will last just as long as ever, but it won't bring as good a price. Why? Simply because people haven't the money to put into it. We have the goods and don't want to keep them, and to make the change we have cut our entire stock exactly

33 1/3 Per Cent!

It's money to you to look here, if you think of buying anything.

IN THE MARKETS.

Changes in the Quotations of Many Lines This Week.

SCARCITY OF QUAIL AND PHEASANTS

This Season is Notable—Deer, on the Other Hand, Are Plentiful and Cheaper Than Before—A Looked-for Advance in Cereals and Hay. Hogs Are Still on the Decline.

The market conditions do not greatly differ from last week's report. In the grocery market sugars declined somewhat. Just at present venison, rabbits and squirrels are coming into the Wheeling market in pretty fair quantities, and the demand is said to be fully as good as usual. Quail and pheasants are, however, very scarce and the demand is not nearly supplied. The law passed by the last legislature forbidding the exportation of deer from the state has brought the price of venison in West Virginia down considerably, the ruling price for a whole deer being 9 cents per pound. Saddles go at 13 and 15 cents, wholesale. The other day a consignment of seven fine deer was received from Beverly, in Randolph county, and it is from that region that a considerable part of the supply comes. The wet weather has caused a let-up in the supply of cereals and hay from the country side, and if the weather continues bad advances are looked for in wheat, oats and hay in this market. Hogs are still on the down grade, while cattle and calves advanced and are in fair demand. Last year when hogs were away up the farmers gave more attention to swine and the consequence is that the present supply exceeds the local demand.

ROYALTY'S MOLARS MENDED

By a Young American Dentist well Known in Wheeling.

A few days ago the INTELLIGENCER referred to the departure of a Wheeling dentist for Europe, where he is to engage in his profession, and further that that there is a lively demand in Europe for the better equipped D's D. S. The following press dispatch from Pomeroy, Ohio, is on the same line and the persons mentioned are well known in Wheeling, being brothers of H. O. Hoff, formerly in business here:

Dr. Ed. Hoff, a Pomeroy dentist, who went from here to Germany to practice his profession, is already hobnobbing with royalty. Two weeks ago he spent one day mending the teeth of the empress, for which he received \$125. Shortly before the marriage of the Princess Alix he attended to her molars. The doctor writes his parents that he was taken to and from the palace in a carriage, and that he did the work for the royal family in a highly satisfactory manner. He further says that the blue-blooded ladies say "ouch!" like any common lady when they are hurt. Dr. Frank Hoff, of Pomeroy, sails for Germany Christmas day to join his brother in the dentistry business.

A Trip to Galveston.

The Southern Educational Association's meeting will be held at Galveston, Texas, December 28, 27 and 28, and arrangements are being made for reduced rates on all roads for those who desire to attend. The Southern Passenger Association has already granted rates on all roads within its jurisdiction, and Frank Goodman, of Nashville, Tenn., secretary of the Southern Educational Association, writes that he is negotiating for West Virginians who contemplate going to Galveston. For any information regarding the trip application should be made to him. Prof. J. Walter Barnes, principal of the West Virginia State Normal school, at Fairmont, is the executive committee man for this state, and he, also, will cheerfully furnish information.

IN THE CIRCUIT COURTS.

Several Minor Cases Disposed of Yesterday—Motion for a New Trial.

A motion for a new trial in the libel suit of William M. Handlan vs. Frew, Campbell & Hart, decided in favor of the defendants on Monday, has been entered by Handlan's counsel, Denis O'Keefe, and is set for argument at noon to-day.

The case of W. A. Crawford vs. J. A. Day was put on trial in Judge Paul's court yesterday, and given to the jury about 4 p. m.

The jury was out about a half hour and returned a verdict of \$5 damages for the plaintiff.

In the case of Lottie B. Porter vs. John C. White a verdict was rendered of guilty of bastardy. A motion for a new trial was entered. The jury in this case introduced an innovation, probably without intending to. The record of the ballot was filed with the verdict, showing that it was unanimous on the first vote.

The case of Conrad Bachmann vs. Mrs. Sarah Doyle, appealed from a justice, was put on trial late in the afternoon to a jury of six, and is still pending.

Eloquent, Interesting and Instructive.

Dr. W. P. Oldham will lecture in the Y. M. C. A. course on Friday evening at the association hall. His subject will be "Sketches of the Orient." Dr. Oldham has a good delivery and knows what he is talking about, consequently has no difficulty in carrying his hearers with him. His language is chaste, his descriptions vivid, at times strikingly eloquent. He imparts much valuable and interesting information. Seats will be placed on sale at the Y. M. C. A. building this morning at 9 o'clock.

An Easy Puzzle!

I am composed of nine letters, and two words. Turn me backwards or mix me up, and you have nothing, but properly arranged, you have a word familiar to the people of this community; a word that means hustle six days in the week, thirteen hours to the day, year in and year out. What is it? The answer is
